

Weddings

At Irvine Nature Center

Irvine
NATURE CENTER

Your Story Begins Here

Irvine Nature Center provides the breathtaking backdrop for the beginning chapter of your shared story.

Our 210 acre property offers beautiful vistas, forests, and wetlands for both you and your guests.

Hosting your wedding at Irvine is easy and can include both indoor and outdoor spaces to make your special day shine.

All Irvine Nature Center vendors and practices are eco-friendly and green, and your rental fee supports our nonprofit mission to educate and inspire both current and future generations to explore, respect, and protect nature.

All Irvine weddings are available April 1 through November 15.

Our Venue

All of our spaces have been created with care and sustainable practices that ensure as little damage done to the environment as possible.

Our **Gazebo Overlook** is a beautiful outdoor wedding spot, with a warm focal point and picturesque meadow views. It accommodates 150 standing guests.

Irvine's **Outdoor Amphitheater** can accommodate 150 seated guests. Ceremonies here are sunny, and bordered by a native garden and woods.

Wedding Point is perfect for ceremonies large and small. Your guests will love feeling 'away from it all,' yet being so close to Irvine's other amenities.

All wedding rentals include:

- *Access to our all-weather tented patio that seats 180 guests*
- *Our Exhibit Hall, which can serve as an indoor space for cocktail hour or a unique ceremony location*
- *A carefully-curated list of vendors who support sustainability*
- *A nighttime campfire, carefully tended by our staff*

“My fiancé and I wanted a celebration that would be sustainable, yet elegant and beautiful. Irvine fit our vision perfectly. The natural surroundings are stunning. We are so happy to have chosen Irvine, and especially grateful a place like this exists in the Baltimore area.”

- Corinne Montana, Irvine bride
